# Non-Disclosure

A non-disclosure will allow you to deny that you were arrested. Did you make a big mistake and decide to own up to it? If you have successfully completed Deferred Adjudication for a misdemeanor or a felony you may be eligible for a non-disclosure. Even though a person that successfully completes a deferred adjudication does not have a final conviction, the arrest and charge will still appear on their criminal record.

You worked hard to complete your deferred adjudication, now take the final step to keep most non-governmental agencies from discovering that you were ever arrested and charged with a crime. Call today to find out if you qualify!
